Beginning 13 August 2014, there will be no parent parking or student drop-off at the An der Waldlust entrance to the school.

All private car drop-off of students must take place at the Primary School entrance to the campus.

**Drop-Off Process (Please see illustration on next page for directions)**

- Cars enter and exit parking lot across from the FIS Primary School in a one-way direction
- Student drop off will be allowed in the Drop-Off Zone only
- A queue will allow cars to pull out of traffic and gradually move forward until they are in the Drop-Off Zone
- Multiple cars can drop off students at the same time
- Safe crossing will be provided at the cross walk

* Please note that Drop-Off Zones in front of the Primary School cannot be used if buses are present; cars must not block the parking lot entrances.

Shuttle busses will be available between the PS and Main Campus before and after school.
